On this excursion, you will discover the majesty of Lakes Escondido and Fagnano, combined with

unique experiences such as horseback riding, an ATV ride, and a delightful talk about the pioneer family.

Our experience begins in downtown Ushuaia; we head toward National Route 3, making our first stop at the Carbajal Valley viewpoint. After crossing the Andes mountain range, we will admire Lake Escondido from the Garibaldi Pass viewpoint before continuing to Estancia La Carmen.

There, we will be welcomed by the owners and served coffee or tea. Following a safety briefing and the division of the group based on the number of passengers, we will carry out the activities, which last approximately 45 minutes; upon returning, the groups will switch activities. Next, we enjoy a snack featuring country-style flavors, followed by free time to explore the

Including the family history museum and the "Garden of Love" or simply contemplate the lake and soak up its magic and energy. We begin our return to the city at approximately 7:00 PM.

Includes: transfers, specialized guide, horseback riding, ATV ride, snack, and insurance.
